January 2009 to Present

Project Overview

Founded in Fort Mill, South Carolina and recently relocating to Charlotte, North Carolina, Versiant helps companies improve their technology to deal with the Global competitive market place. Valuebiz created a plan to relocate their existing cubicles, reconfigure them, and accommodating for their double digit growth by adding additional used cubicles. The layout was designed to meet their desire for a “collaborative” atmosphere. Valuebiz provided a pre-owned solution to meet their budget requirements.
