WINGATE UNIVERSITY

Project Overview

Wingate University is a private liberal arts university, located in Wingate, North Carolina, with campuses in Huntersville and Matthews. This project involved the Beam Hall building in the Watson Village campus apartment complex, which houses 96 students on three floors. The apartments were fully furnished with new beds, desks, dining, and lounge furniture. Typical manufacturer's lead times were greatly shortened to ensure that installation would be complete before the start of the Fall 2010 semester.
